<ul style="list-style-type: none"> • Every things. It was great. • N/A • I really liked the detail that Dr. Reynolds would go into on the material. I feel like many classes glance over the material, but I never left this class not understanding something. He also gave time for questions which was very helpful, even if questions didn't 100% apply to the scope of the class. • I really enjoyed this class. It was very challenging and required a lot of hard work, but I learned a lot from this class. I felt that the homework assignments accurately reflected lectures and applied those theories to similar, but slightly different problems. The structure of the course was very clear and easy to follow.
